MATH1510G Course Description

Welcome to the course MATH1510G!

1) Course information
- Lecturer: Dr. CHAN Kai Leung (LSB 202A, klchan@math.cuhk.edu.hk)
- Teaching Assistant: TAN Min (mtan@math.cuhk.edu.hk) WANG Jixin (jxwang@math.cuhk.edu.hk)

2) Assessment Scheme
- Coursework (11 sets)   6%
- Homework (6 sets)   6%
- WeBWorK (8 sets)   8%
- Mid-term Examination (23 Oct)   30%
- Final Examination   50%

3) Course materials
- For common materials among different sections, such as lecture notes, homework, coursework exercise, supplementary exercises and solutions, will be uploaded to a common webpage:
  http://www.math.cuhk.edu.hk/~math1510/
- Materials for this section only can be downloaded from Blackboard:
  https://blackboard.cuhk.edu.hk/ultra/stream
- Materials in MATH1020
  http://www.math.cuhk.edu.hk/~math1020/

Activity	What to do
Lectures	Download lecture notes **Attend ALL** lectures!
Before tutorials	Work on Supplementary Exercises (Tips: You are in **danger** if you do not know most of the questions)
Tutorials	Work on coursework (Tips: You may ask TA questions or discuss among yourselves)
Homework	Each homework is a **lengthy** one (Tips: Please start working **at once** when you receive!)

4) Important Dates:

Activity	Date
Make-up class	25 Sep (Sat)*
Mid-term Exam	23 Oct (Sat)*
Final Exam	To be arranged

   *Please reserve time

5) Tips:
- **Check emails frequently** for update information of the course.
- This course is **DIFFICULT** (10%-15% students failed each year), even for those who studied calculus in high students (including local students who had M1/M2 in HKDSE).
- Seek help from the lecturer **ASAP** if you have any difficulty. I will always be supporting you!

Hope you will enjoy the course.

Dr. CHAN Kai Leung
